### BelleDerm™ Skin Care

The Aesthetic & Wellness Centers offers BelleDerm™ skin care line and is featuring **Intensive Eye Cream**. Intensive Eye Cream is luxurious hydration for the eyelid. Vitamin K infused to help reduce under eye circles, green tea extracts for puffiness

### Beautiful Feet Footlogix™ Pedicesticals

The Aesthetic & Wellness Center offers foot care with dermal integration technology where science and technology meets healthy, happy, well cared for feet. Dermal Integration Technology is a two dimensional delivery system that mimics the skin's own composition. It works by delivering active ingredients into the outer layers of the skin. With no greasy outer layer, the skin retains its ability to transpire normally. The technology is then naturally exfoliated as the skin surface renews itself. The skins elasticity increases allowing the skin to become perfectly healthy to be able to perform its true function of PROTECTION.

### DID YOU KNOW?

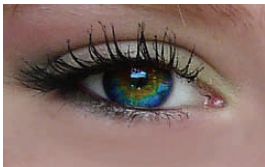

The American Cancer Society says that applying too little or waiting too long to apply sun screen are the two most common and painful sunscreen mistakes. Sunscreen doesn't provide total protection so it is important to limit your time outside. Brief year round exposure to the sun is an equal risk for skin damage. Experts recommend a sunscreen with a minimum 15 SPF or higher.
